ARDEX A 46

ARDEX A 46 is a rapid setting and hardening, slump free mortar ideal for external or internal repairs as well as patching and smoothing floors prior to the application of a suitable DPM. Designed to be used on walls and floors, ARDEX A 46 sets and hardens rapidly so that it can be walked on after 2-3 hours and gives a repair of exceptional strength and hardness.

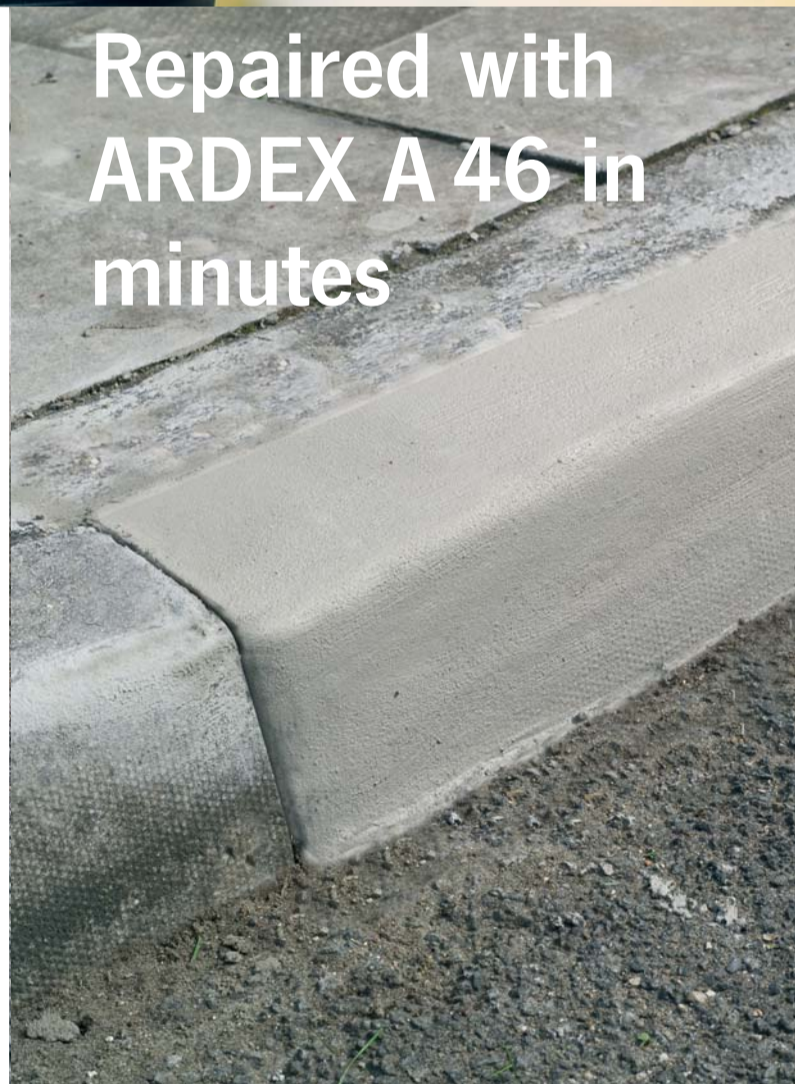

The versatility of ARDEX A 46 makes it ideal for repairing and refacing external concrete stairtreads and risers, brickwork (not lightweight concrete), renders and concrete floors as well as making good around pipework, doors and window frames.
