

## **NEW IMPROVED FORMULA**

NEW IMPROVED ARDICOL D20 now has a smoother formula that applies easily giving the whiter finish you've asked for.

This new formulation maintains key Ardicol D20 features such as unbeatable adhesion, excellent slump resistance, long open time with up to 40 minutes tile adjustability, and of course there is no need to prime.

In addition, New Formula Ardicol D20 is a smoother and whiter product at the old formulation price.

By listening to professional Tilers Ardex has achieved a reputation for developing reliable products that save you time on site.

Ask your Ardex stockist now for New Formula Ardicol D20 for that whiter, smoother bond!
