

ARDEX-FLEX

FOR ALL TYPES
OF TILES

ARDEX-FLEX - Flexible adhesives and grouts for all types of tiles

Tiling situations today demand cement-based adhesives and grouts that perform with all types of tiles including; standard porous, vitrified, fully vitrified, porcelain and glass mosaics. ARDEX-FLEX is the perfect choice. Suitable for use where the highest levels of performance are required from cement-based adhesives and grouts, you know that whatever tile you choose you won't have a problem.

ARDEX-FLEX adhesives and grouts are the solution to difficult problems, such as fixing tiles to timber floors or areas that need to be walked on or grouted in just 90 minutes. The advanced performance built-in to every ARDEX-FLEX product means additional benefits; including superior adhesion to all backgrounds listed in the British Standards, excellent slump resistance, ease of use and good adjustability, guaranteeing the best possible finish first time, every time.
