

# Everyone's getting into it!

## [www.ardex.co.uk](http://www.ardex.co.uk)

- Target group oriented navigation
- Full technical or health & safety product data
- World-wide ARDEX Group web site locator
- Stockist locator
- Complete product range featured
- Plus FAQ's, company contacts, corporate information and lots more...
- Comprehensive project reference selector
- Latest news & press releases

### The most regularly updated manufacturer's web site for the Flooring Industry

Another industry first from the world-wide leaders in high performance flooring products is the new ARDEX web site. A totally customer oriented web site optimised for speed and easy yet detailed browsing. For contractors and specifiers innovations include target group oriented navigation ensuring a library of directly relevant information can be accessed with the minimum fuss. Of interest to all will be the dynamic project reference selector alongside tried and tested functions including latest news, downloadable technical or health & safety data and a comprehensive frequently asked questions section. Keep up with the very latest technical and industry developments by bookmarking [www.ardex.co.uk](http://www.ardex.co.uk) now. It's an invaluable source for all your flooring requirements.
